

General Election Freepost Artworker

Job Description and Person Specification

Purpose of the role

At general elections, candidates may produce a 'Freepost' leaflet which the Royal Mail will distribute to homes within the constituency without a delivery charge. The Green Party is looking to recruit a contractor to liaise with local party volunteers to produce the final artwork for each constituency that wishes to make use of the Green Party's central template Freepost scheme, then work with the Green Party's printing supplier to arrange production and confirm delivery, to agreed timescales.

Salary: £25 per publication produced and confirmed delivered

Job type: Temporary, self-employed basis

Location: Remote

Main point of contact: National & Regional Elections Manager

Application process:

To apply, please complete the application form and return to recruitment@greenparty.org.uk

We welcome applicants from all backgrounds and communities, in particular those that are currently under-represented within our staff team. This includes, but is not limited to, people from minority ethnic groups and those who identify as disabled.

If you require any adjustments to help you complete the application, please contact hr@greenparty.org.uk

1. The Green Party is a political party in the United Kingdom that advocates for environmentalism, social justice, and grassroots democracy.

2. The party was founded in 1992 and has since become a significant force in British politics, particularly in the areas of environmental policy and social reform.

3. The Green Party's platform includes a commitment to reducing carbon emissions, protecting the environment, and promoting sustainable development.

4. The party has also been known for its strong stance on social issues, including opposition to nuclear power and support for renewable energy sources.

5. In recent years, the Green Party has gained significant momentum, particularly in the wake of the 2019 general election, where it secured its highest number of seats in the House of Commons.

6. The party's success has led to increased public awareness of environmental issues and has inspired other political movements around the world.

7. The Green Party continues to be a leading voice in the UK's political landscape, advocating for a more sustainable and equitable future for all.

8. The party's policies have been widely discussed and debated, reflecting its growing influence in the political arena.

9. The Green Party's commitment to environmental protection and social justice has resonated with a large portion of the UK population.

10. The party's success in the 2019 election was a testament to its long-term efforts and the growing public concern for the environment.

11. The Green Party's platform is rooted in a deep understanding of the challenges facing the world today, from climate change to social inequality.

12. The party's policies are designed to address these challenges in a comprehensive and sustainable manner.

13. The Green Party's commitment to transparency and accountability has earned it the trust of its supporters.

14. The party's success in the 2019 election was a significant milestone in its history, marking a turning point in its development.

15. The Green Party's platform is a reflection of its core values and its commitment to a better future for all.

16. The party's policies are designed to be practical and achievable, reflecting its commitment to real change.

17. The Green Party's commitment to environmental protection is a cornerstone of its platform.

18. The party's policies are designed to protect the environment for future generations.

19. The Green Party's commitment to social justice is another key element of its platform.

20. The party's policies are designed to promote equality and fairness for all.

21. The Green Party's commitment to grassroots democracy is a key part of its identity.

22. The party's policies are designed to empower citizens and give them a voice in the political process.

23. The Green Party's commitment to environmental protection is a reflection of its deep understanding of the world we live in.

24. The party's policies are designed to address the challenges of the 21st century in a sustainable and equitable way.

25. The Green Party's commitment to social justice is a reflection of its belief in the power of community and solidarity.

26. The party's policies are designed to create a more just and sustainable world for all.

27. The Green Party's commitment to transparency and accountability is a key part of its commitment to real change.

28. The party's policies are designed to be practical and achievable, reflecting its commitment to real change.
